

books

- Chapter two of book of “Photonic Crystals: Optical Properties, Fabrication and Applications” by title of *“Adjustability of Optical Properties in Complex One-dimensional Photonic crystals”*, M. Hamidi, A. Bananej, M. M. Tehrani, Nova publisher, pp. 53-88.
- Chapter three of book “ Photonic Crystals –Innovative Systems, Lasers and Waveguides” by title of *“Dynamic All Optical Slow Light Tunability by Using Nonlinear One Dimensional Coupled Cavity Waveguides”*, Bananej, S. M. Zahedi, S. M. Hamidi, A. Hassanpour, S. Amiri, In Tech publisher, pp.31-40, March 2012.
